IT-companies from Moldova at Stockholm Tech Show

A partnership to support the IT-sector in Moldova

Open Trade Gate Sweden partners with Invest Moldova to support the booming IT-sector of Moldova. We bring to Sweden carefully selected experienced and innovative companies that match the need of competence in the Swedish market.

The companies that have long experience of delivering projects and innovative solutions to partners in other European countries and USA.

These are the companies you will meet at Stockholm Tech Show.

What challenges can you help Swedish companies to solve?

Alfasoft can help Swedish firms to develop e-Government solutions, streamlining project management, software engineering, and deploying web applications via its low-code platform, Alfa Five.

What is your company most proud of?

Since 2005, our company has completed over 50 e-government projects worldwide (31 countries currently), highlighting our broad expertise and strong execution culture in the government sector.
